

Please note Intel embargo on P55 based motherboard is 9/8/09

Dear Partners,

Introducing the ASUS **P7P55D** motherboard^{note1}.

The ASUS P7P55D motherboard features Intel's® **P55 chipset** supporting the latest LGA 1156 processors. **DDR3 Dual-channel Memory Architecture** at speeds up to 2133MHz offer exceptional performance to gamers and enthusiasts. ASUS Xtreme Design offers the best performance, safety and reliability. **Hybrid Processor – TurboV EVO** automates and unleashes overclocking control. An intelligent active cooling technology, **ASUS Hybrid Phase – T.Probe**, balances the thermal load of CPU VRMs to maximize stability and component lifespan. **ASUS Xtreme Phase Power Design** maximizes power efficiency and stabilizes power. **ASUS “EPU- 6 Engine”**, dynamically regulates system energy saving. ASUS’ unique **Express Gate** offers fast and easy access to internet, online chat, and photo browsing without entering the main OS. Furthermore, **ASUS Q-Design** simplifies and speeds up your DIY experience. Ensure RAM compatibility at the touch of a button with **ASUS MemOK!**.

[Motherboard – P7P55D]

< Product Specification Summary >

- ✓ **LGA 1156 socket support Intel® New-Gen Core™ i7/Core i5 Processors**
- ✓ **Intel P55 Chipset**
- ✓ **Dual-channel DDR3 2133*/1600/1333/1066 Support**
- ✓ **2 PCIe X16 slots support CrossFireX***
- ✓ **6 SATA II support RAID 0, 1, 5, 10 + 1 eSATA II**
- ✓ **1 Gb LAN**
- ✓ **8-CH High Definition Audio**

< Highlighted Key Features >

➤ **ASUS Extreme Design ~
Design Matters!**

➤ **ASUS Hybrid Processor - TurboV EVO ~
The Ultimate O.C. Processor!**

➤ **ASUS Hybrid Phase - T.Probe ~
Leading Active Cooling Technology**

➤ **ASUS Hybrid Phase - Xtreme Phase ~
Tremendous Power Design to Optimize Performance and Stability**

➤ **ASUS Hybrid OS - Express Gate ~
Instant Online! Instant Fun!**

➤ **ASUS EPU ~
Energy Efficiency & Noise Reduction**

➤ **ASUS Q Design ~
DIY Quickly, DIY Easily**

< ASUS Unique features >

- **ASUS TurboV EVO Processor**
- **ASUS Xtreme Phase 12+2 Power Design**
- **ASUS Auto Tuning**
- **ASUS TurboV**
- **ASUS EPU**
- **MemOK!**
- **Q-LED**
- **Q-Slot (VGA)**
- **Q-DIMM**

Note1: The product launched can be sold for channel stocking. Please be aware of the official embargo date is September 8th, but subject to change in accordance to Intel.

*** 2 PCIe X16 slots support (Single graphic card @ X16 (blue); dual graphic card @ X16 and X4 (blue and black))**
